

# Plastics part of your everyday life!

Rise and shine at 5am, insert contact lenses, put on the kettle, get the milk out, prepare baby's bottle, pick up toys, take vitamins,

iron clothes, shower, wash hair, brush teeth, blow dry hair, do make up, get dressed, put shoes on ...

pack sports bag for gym, pack lunch box into lunch bag, put laptop in bag, 7am – find car keys and cellphone, remember

thermal mug, ... travel with car, bus, or train ... travel to Cape Town via aeroplane, remember tickets, or travel with motorbike,

8am – re-apply lipstick, get a coffee, couch in reception, office chair, take out laptop, buy salad for lunch and chicken curry for him

play golf and remember cap! 5pm – gym, take out tekkies and water bottle, step, weights ... buy bread, orange juice and grapes,

... aaah ... home, relax on chair, listen to music, gumboots on, water the garden, 7pm – feed the dog, help kids with homework,

pack school bag, time for a bubble bath, warm slippers, watch TV ... 10pm – set the alarm, and hello pillow and duvet!

## Plastics make it possible

Be responsible. Do your bit for the environment ...

Reduce

Reuse

Recycle

We are safe, reusable,  
recyclable, durable,  
lightweight, eco-friendly  
plastics.

With no threat to your health or the environment.
